Note: To achieve NAEYC Accreditation, a program MUST: meet all Required Criteria; meet at least 80% of the criteria on which it is assessed for each program standard; and each observed classroom must meet at least 70% of the criteria on which it is assessed. Programs who do not meet Candidacy requirements may be subject to further verification.

* Score includes credit given for meeting Emerging Criteria. Please note that even if your program scored 100% or better on a particular Program Standard, there still may be topic areas reported for ongoing improvements. This can occur because Emerging Criteria are given extra credit when scoring. Therefore, there could be unmet criteria in a particular topic area although the credit given for meeting the emerging criteria raised the Program Standard score to 100% or more
